

DIRECTIONS TO LAS CUMBRES DE LA RIVIERA

When you leave the airport head for the **N340/A7**. Follow signs for **Algeciras and Cadiz**. (Note that the A7 is the new name for the N340 so you are likely to see both road numbers on the same road so follow either and you will be fine.). (Do NOT go straight over the bridge for Malaga here). Stay in the right hand lane.

Where you see the San Miguel factory on the right, take the right fork here and bear right past the BMW showrooms again following the A7 (**DO NOT GET ON THE AP7 TOLL ROAD.** If you do this in error then get off at Calahonda, make your way down to the coast road and head back towards Malaga (keep the sea on your right). The next main exit is Riviera del Sol where you can pick up the directions again).

The journey is straight for about 20 miles. Keep following the **A7 (N340)** signs for Algeciras and Cadiz. You'll see signs for Torremolinos, Benalmadena, Fuengirola and La Cala de Mijas as you carry on the A7/N340. (Don't take the Torremolinos coast road, it will take you much longer). A mile or so after La Cala you will see a sign for Riviera and Miraflores. Go past this one and then take the **next exit for Riviera**.

At the roundabout take second exit onto **Avda del Golf**. You will see a couple of bars and a supermarket (Opencor) on the right. Go over a couple of roundabout straight to the top and you will see Miraflores Driving Range on the left at the crossroads.

Turn left into **Avda Esmeralda** - there is a sign for the Oasis Club here - and go past the Miraflores Driving Range and Bar. Go past the sign for Miraflores Golf Club and turn second right into **Calle Agata**. You'll see a row of yellow town houses on your right. There is a crossroads shortly afterwards. You will see a map of all the communities here. Turn right here - this is **Calle Diamante**. Follow the road round for approx 500 metres and you will see a community where the buildings are all yellow. This is **Las Cumbres de la Riviera**. There is a gate for cars and a pedestrian gate here.

Drive down and park in front of the apartments at the bottom. Lifts are straight in front of the parking and B309 is the far end penthouse. You can park in any of the communal spaces or you have a space allocated in the B Block car park which is straight ahead of you as you drive round the corner and into the main part of the community.

B309, Las Cumbres de la Riviera, Calle Diamante, Riviera del Sol 29649

KEY COLLECTION

1. Safe is located outside B309, access code 1965
2. Code to main pedestrian access 1534
3. Cargate 1808

Be aware that there is a scam operating throughout France and Spain that is particularly targeting people leaving the airports. Someone will point out to you that there is something wrong with your car, usually a puncture. When you stop they pull up with you and one will tell you where to get it fixed whilst the other will get into the car to steal passports, cash etc. They sometimes also approach at car parks and garages. It is advisable to put all the luggage possible into the boot so that it is not obvious you have just arrived and to always ensure your doors are always locked when you leave the car.
